Individualized Study Plans (ISP)

The ISP is designed to serve as an educational guide for both the student and the academic advisor for the Foundation and the Concentration year of the Masters of Social Work program. The ISP form is completed by the student in consultation with the advisor. The ISP takes into consideration a student's personal and academic interest.

The ISP is completed at the beginning of each year of the program. Below you will find a listing of courses relevant to your year of study in the program. See your advisor for additional questions.
